## **DAHER signs a contract with PLASTIC OMNIUM for the AULNAY sous Bois plant and creates closer ties with PSA**

The Automotive sector, along with the Aerospace, Defence and Nuclear sectors, is one of DAHER's four strategic areas.

Recognised for its expertise and strong experience in this field, the equipment and services supplier DAHER has obtained a significant contract with PLASTIC OMNIUM, for the PSA Peugeot-Citroën account, for **the assembly and synchronous delivery of rear bumpers for the C2 and C3 manufactured at the Aulnay sous Bois plant.**

Within the scope of this contract, which is based on an average throughput of 1,200 vehicles per day, DAHER has implemented a **dedicated platform close to the manufacturer's site.**

With a site in Garonor and 2 x 8 or 3 x 8-hour shifts, DAHER carries out sequencing, quality control and assembly operations to deliver completely outfitted bumpers to the Aulnay sous Bois plant.

With 4 hours of requisition on a continuous flow, DAHER delivers to the plant synchronously with permanent rotations for delivery flows and for the return of empty trolleys.

This contract reinforces DAHER's determination to create closer ties with PSA.

DAHER's **knowledge of industrialisation** and its **industrial experience** has led to it being contacted by other PSA equipment suppliers for **other assembly outsourcing services.**

### **For further information on DAHER – [www.daher.com](http://www.daher.com)**

DAHER is a European integrated equipment and services supplier, dedicated to Aerospace and other manufacturing industries.

In addition to Aerospace, DAHER specializes in three other sectors: Nuclear, Defence and Automotive. DAHER is developing in three fields of expertise: manufacturing, services and transport, which enable it to offer a comprehensive package.

Founded in 1863, DAHER is an exclusively family-run, independent international group, with more than 5,000 employees and 12 international installations (4 in Western Europe, 3 in Eastern Europe, 2 in North America, 2 in Africa and 1 in Australia). DAHER has doubled in size over four years to reach an annual turnover of 530 million euros in 2007.
